About the Seminar

India's vision of Viksit Bharat@2047 recognizes fiscal reform as a catalyst for inclusive, self-reliant and sustainable growth. The transformation of GST into a next-generation, technology-enabled, and business-oriented system is essential to strengthen entrepreneurship, generate employment and support sustainable livelihoods. In Andhra Pradesh, with its expanding MSME sector and emerging start-up ecosystem, progressive GST reforms can improve ease of doing business, promote formalization, enhance sectoral competitiveness and strengthen export potential.
