Action taken Report for Student Feedback, 2023-24

The College conducted a detailed review of the curriculum pacing to ensure alignment with learning outcomes. Offered additional tutorial sessions and resources to help students who found certain topics challenging. Communication skills workshops for faculty to improve clarity in teaching were conducted. A structured feedback system to capture real-time student input on teaching clarity was followed regularly. Peer evaluation among faculty to share effective teaching practices and enhance communication strategies was introduced. Specialized training sessions for faculty on integrating innovative teaching models and technologies were provided to the faculty. Modern teaching aids and technologies were arranged to enrich classroom learning experiences. Partnerships with industry experts to incorporate cutting-edge developments into the curriculum were strengthened. Arranged more guest lectures and seminars by professionals to provide practical insights. Structured group discussions, case studies, and interactive sessions were conducted to foster deeper engagement. The faculties were encouraged workshops for faculty on effective implementation of varied teaching methods to enhance student participation and learning outcomes. Field visits and guest lectures to maximize learning impact were arranged. The students were involved in planning and organizing external learning activities to enhance relevance and engagement. Post-activity evaluations to assess the effectiveness of external learning experiences and make necessary improvements was conducted.
