EMPLOYER FEEDBACK -2021-22

Feedback Analysis Report

   The feedback analysis from employers across various industries indicates that our program is effective in preparing students for the workforce. Employers overwhelmingly praised the relevance of course content to industry requirements and found the internship experience highly useful for job placement. The extent of course coverage and its relevance to real-life situations were also positively received. Learning values and the program's relevance to practical problems in computer science and programming (CSP) garnered mostly positive responses. However, feedback on students' efforts and the inclusion of advanced topics was mixed, suggesting areas for potential improvement.
